

Bellbird Pottery Course

Hand Building and some wheel throwing

Learn the hand building techniques of pinching, coiling and slab building. You will also learn the age-old technique of forming pots on the wheel with an experienced tutor. Feel free to bring an image of an object or vessel that you would like to create.

In this six-week-course, you will learn the fundamental skills of hand building and some wheel throwing. Using these techniques, it is possible to create a range of works, varying from functional ware to sculptural pieces. You will experiment with a range of techniques to explore texture and surface decoration.

The course uses a variety of teaching methods, including one-on-one tutorials and group demonstrations. You will receive personal support to discuss and develop your individual project.

towel.

POTTERY TUTOR

Karine Moinaux studied pottery in France at the Centre International de Formation à la Céramique (cnifop.com) and in New Zealand at the Dunedin School of Art.

With 25 years experience in pottery work, Karine worked with various pottery studios in France, followed by two years in Tennessee USA and Dublin Bay Pottery in Wanaka New Zealand, before opening her own studio.

After completion of the course, it takes 2-3 weeks for your piece to be fired.
We will contact you when your work is ready for collection.
